We Stand Behind What We Do

Your Peace of Mind Dental Warranty

Patient Name

Date

Your prescribed recare appointment is every

() 2 months () 3 months () 6 months () Other _____

We are proud of our dental services and what they do for our patients. Our goal is not to overly correct your dental problems, but have the work we do, last for many years into the future, to save you time and to save you from unnecessary expenses.

The long term success of your treatment is dependant on how well you care for your teeth, your continuing home care of your teeth and gums, consistent regular professional examinations, cleanings and fluoride treatments. It is also dependent on your adherence to our professional recommendation on your diet, products we recommend you use and the frequency of your professional continuing care visits.

The long term success of our dental treatment for you is dependent on: How well you care for your teeth, eating a sensible diet and adhering to the schedule we set for you for the frequency of your professional examinations, cleanings and fluoride treatments. The products we recommend for you for you and the frequency of professional continuing care visits depends on your individual situation.

With these thoughts in mind, we are pleased to offer the following limited dental warranty:

All Porcelain crowns, Bridges, Inlays, Onlays Porcelain Veneers

If these porcelain restorations fracture with normal use during a period of five (5) full years from the date of their initial placement, we will replace or repair these at no additional charge.

All Gold and porcelain fused to metal crowns, Inlays, Onlays and bridges

If our all gold or porcelain fused to metal restorations fracture with normal use during a

period of five (5) years from the date of initial placement, we will replace or repair them at no additional charge.

Dental Sealants

If our dental sealants are in need of repair with normal use during a period of two (2) years from the date of initial placement, we will replace or repair them at no additional charge.

Composite Fillings or Bondings

If our composite fillings or bondings fracture with normal use during a period of two (2) years from the date of initial placement, we will replace or repair them at no additional charge.

Dental Implants

If our implants fracture or fail within a period of one (1) year following the initial surgical placement, we will replace or repair any fractured or failing implant at no charge or refund your fee at our discretion. (The good news is that the vast majority of problems that occur will happen within the first year of treatment.) Exception: Diabetic condition that goes from controlled to uncontrolled can cause serious damage to all oral structures including the supporting bone around implants. **The good news:** We don't perform dental implant therapy for uncontrolled diabetics. So as long as a diabetic is well controlled consistently, no problem with dental implant therapy.

Conditions

To keep this warranty valid, you **must:** 1.) maintain uninterrupted membership in our practice. 2.) keep your prescribed regular continuing care appointments (with no appointment varying more than (30) thirty days of our recommended schedule). 3.) maintain your account in good standing and 4.) have all recommended dental treatment(s) performed by one of our doctors, including the treatment of jaw-occlusal dysfunction and use of bruxism guards if recommended. This warranty does not include anything not mentioned above, including gum line desensitization, root canal therapy, night guards, nor does it cover damage to teeth or dental prosthesis caused by accidents, trauma, neglect or improper use (e.g., grinding, clenching, chewing ice or biting non food items).
